# Testimonials:

"What excites me most about hosting an Able Moms in our church is knowing our women and children are being disciplined well."

-Senior Pastor of an Able Moms Host Church

"I have witnessed astounding works of God through the spiritual and relational conduit, Able Moms. Growing with other moms, and seeing our children grow in Jesus together, grows us as a community - accentuating the *whole* reason we desire to thrive as believers. Able Moms is a genuine blessing to us."

-Able Moms Coordinator

"Seeing mothers come together to love and support one another has been truly amazing. Mentor moms are supporting younger moms in their vital role *and* I have seen renewed confidence in our local leader with this leadership opportunity for her. Able Moms has been a gift to our community at large! We love what AMI does!"

-Able Moms Host

# data for your pastor

- Data shows the successful use of "micro-gatherings" of people to be a most successful tool in these relationally strained times.

-Wall Street Journal

- Moms were the single most affected demographic post-pandemic citing stress, loneliness, boredom, and fear as just some of their unfortunate responses.

-Barna Research Group

- The statistics on stress levels are shocking, but-- they don't begin to expose the frayed lives of American mothers and their children...

-New York Post, *America's Mothers are in Crisis*

Community donated at no cost.

# Terms: because how we speak matters

Community: more than a “group”, you foster relationships in your hosted Community

Gathering: more than a “meeting”, this is what we call the individual meet-ups

Members: any mom who attends

Mentors: moms who invest in attendees or Members

Table Leaders: Team Lead liaisons who communicate and support a small group of moms they love on

Unrehearsed: our podcast

Mom Comm: our unique national event

Contributors: write or speak for AMI

Collaborators & Partners: organizations that support AMI

# Portal access is my leadership blueprint, so what is a Gathering Guide?

Every "Coordinator" (a.k.a., local Able Moms leader) receives a complete Gathering Guide for the season to lead individual Gatherings. Each spoon-fed lesson has guided preparation intentionally designed to meet the time restrictions and ability of any type of volunteer leader, allowing her to spend as much time (or as little) as she has on getting ready for her mom Members time together. Lastly, each Gathering Guide, lesson by lesson, matches the Gathering Video played.

sample Gathering Guide: prepare + perform a gathering

sample Gathering Video: enhance your gathering without vetting or paying a great speaker

sample Able Kids Childcare: offer your Community childcare with our full-fledge classroom itineraries + tools that compliment what moms are learning at the very same time

**samples are from different seasons**

## CEO/ Founder

Convicted after leaving another international mom ministry and convinced after a phone call from a desperate mom, she knew moms needed spiritually sound mom-community. Amanda sought Godly and experienced women to surround her vision; to inspire moms as capable parents, unshakeable in their faith, and memorable in their motherhood. As an author, speaker, and anti-child-sex trafficking advocate, Amanda believes strong, faith-filled families are the answer to many of today's key issues with Able Moms International leading the charge.

# meet some Contributors

Meet three here;  
Courtayne Richard,  
Misty Phillip, and Ali  
Lyons. All from different  
backgrounds, different  
professions, and even  
different states, our  
writers' one  
commonality is their  
faith in our great God.
